

# Monitor – NMM-2

Monitor built on LCD technology, readable in bright sunlight, designed for outdoor use.

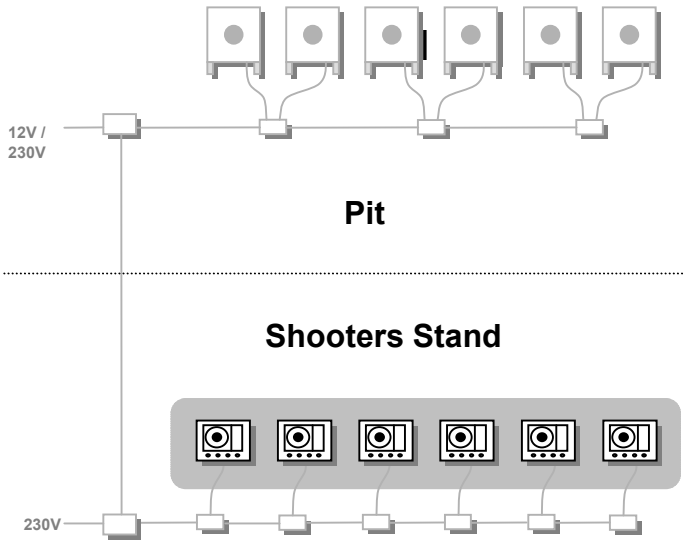

Mechanically, the monitor is based on a chassis made of stainless steel. The display is protected by a hardened, anti-reflective coated glass, able to withstand the impact of cases from automatic weapons.

Solid, military specification contacts.

A smart card reader is standard.

The stand for this unit is made from stainless steel and makes the unit easily moveable, and simple to adjust to the optimum viewing position.

The unit is easy to operate, with dynamic menus.

### For use with :

- All systems produced by Kongsberg Mikroelektronikk AS

### Technical :

#### Dimensions:

LCD .....	10.4"
Width including tightening wheels.....	385 mm
Height without stand.....	285 mm
Max depth .....	148 mm
Min depth .....	66 mm
Max height, unit in stand.....	440 mm

Weight without stand..... 7.0 Kg

Temperature range, use ..... - 25 C to + 40 C

Temperature range, storage ..... - 40 C to + 70 C

Power consumption..... Max 25W

### Additional :

- Stand for monitor NMM-2.
- Smart card (Key card)
